

CALF SKINS ARE NOT TO BE TAKEN UPON AS HIDES OF CATTLE BY THE NEW ENGLAND SHOE MAKERS. But then a calf is not a calf in New England—it's a "cawf."

THE fatal kerosene can, stove and foolish woman combination is only exceeded in its possibilities for evil results by the combination of a fool and a pistol that he didn't know was loaded. The former generally kills the foolish woman, while the latter unfortunately spares the fool and slays some innocent person.

SOME English papers are inclined to believe that Secretary Sherman is non compos mentis. They are mistaken, however. It is not Sherman who is mad but the men who turned him into his present position. Hanna was crazy for a seat in the senate and Sherman had to be removed from that body to make room for him.

THE wise men of the treasury department have formally ruled that a calf is a cow, and that calfskins therefore hides of cattle. The immediate effect of this decision is to close the last floor of escape for one of our great Massachusetts industries from the burden of tariff taxation laid upon it by Jones of Nevada for the profit of the Chicago beef trust.—Boston Post.

THIS is a case of the shoe pinching the wrong foot. The North has heaped up burdensome tariffs upon the South for lo, these many years, and now that the manufacturers who have so long waxed fat under tariff "protection" are getting a taste of their own medicine, they don't seem to fancy the dose a little bit. It would be interesting, by the way, to hear what definition the Bostonians would give of the word calf. If calves are not cattle, then what under the sun are they?

INSPIRED BY THE DEVIL'S CREED. Greenville Herald.

"There is no sentiment in business," and "every man for himself," is essentially the devil creed. Yet it is the inspiration of the business world to-day.

SOME towns in Massachusetts grow very rapidly. There is one down on the cape which had seven houses some seventy years ago, has had two built in the meanwhile and one of these has burned down.

In all the world there is in coin 716,521,000 pounds of gold, 808,846,000 pounds of silver and 321,000,000 pounds of copper.

...the barber. "Not so fast, my man," said the big gentleman, laying his hand confidently upon the shoulder of the hair cutter. "Down below here they charged me 20c for a shave the other day. I asked the cashier why. She referred me to the barber. He got mad and swore."

"What do you want for 10?" he demanded. There is no work in your face there twice a day. I should prevent being kicked out of my friend here's face. What we have a five cent partnership shave for 20c. At the shave. They go.

TRIKE GOLD'S IN CALIFORNIA.

Waverlyville, Cal., Aug. 9.—Great excitement prevails at the City Center and vicinity over the a rich strike made by the Graves brothers and Henry Carter in the drift claim of Coffee creek. In four days they took out gold valued at \$68,000. The largest piece is worth 12,000. They expect to take from \$150,000 to \$200,000 out of the pocket. The gold is coarse and lies between walls of porphyry, and resembles melted gold poured into the seams.

NEWS IN HAVANA.

City Thrown Into Panic By News Of Canovas' Death.

Havana, Aug. 9.—The news of the assassination of Senor Canovas caused great consternation here. On its receipt about 8 o'clock last evening the authorities and many prominent local politicians went to the palace of the captain general. The tidings soon spread and this morning there was wild excitement on the stock exchange and throughout the city. Stocks and shares fell considerably. Consul General Lee was among the first to express regrets and sympathy. Capt. Gen. Weyler remains in the field. At first there was acute anxiety with reference to the political effect of the death of Canovas, but when it became known that Gen. Ascaragara had assumed office confidence was restored and the effect of it was soon manifested on the exchange.

All classes recognized the great loss of Spain and acknowledge the ability of Senor Canovas. Further developments are eagerly awaited. Little or nothing has yet been published on the subject in the local papers.

Resignation of Lieut. Adair Accepted By the President.

First Lieut. Samuel E. Adair, Troop E, 3th Cav., has resigned from the army and left for his future home in California Sunday afternoon, to which State his family preceded him several weeks ago. Lieut. Adair was formerly in charge of the post exchange, at Fort Ringgold. After turning over his accounts to his successor, charges were preferred against him by the commander of the department, whereupon Lieut. Adair filed his resignation, and requested three months leave of absence. The resignation was accepted, but the leave was not granted. Lieut. Adair is a son-in-law of Capt. De Rubio, formerly at this post with the 7th Cav., but now retired and living in California. He stood third in rank in his regiment for promotion to a captaincy.—San Antonio Express.

THE ENORMOUS DEBT OF SPAIN.

New York, Aug. 9.—A London cable in the Tribune says: "By a coincidence the foreign officers' report dealing with Spanish finance was issued last night, which gives approximately for the first time the total Spanish debt. This, including Cuba amounts to no less than \$1,765,000,000 gold, with a charge for interest of \$70,000,000 beyond this is \$19,000,000 interest for liabilities on operations in Cuba; which means 25 per cent additional to the debt. This, of course, means utter bankruptcy to a country whose income is \$150,000,000.

Pages in congress must be over the age of 12 years and under 21. In the senate they receive \$1440 a year; and in the house \$1200.

**THE TRIUMPH OF LOVE**

**IS "HAPPY, FRUITFUL MARRIAGE."** Every Man Who Would Know the Grand Truths, the Plain Facts, the New Discoveries of Medical Science Applied to Married Life, Who Would Atone for Past Errors and Avoid Future Pitfalls, Should Secure the Wonderful Little Book Called "Complete Manhood, and How to Attain It."

Here at last is information from a high medical source that must work wonders with this generation of men. The book fully describes a method by which to attain full vigor and manly power. A method by which to end all unnatural strain on the system.

To cure nervousness, lack of self-control, degeneracy, etc.  
To exorcise a faded and worn nature for one of brightness, buoyancy and power.  
To cure forever effects of excesses, overwork, worry, etc.  
To find full strength, development and tone to every portion and organ of the body.  
Age no barrier. Failure impossible. Two thousand references.  
The book is purely medical and scientific, useless to curiosity seekers, invaluable to men only who need it.  
A despairing man, who had applied to us, wrote:  
"Well, I tell you that first day is one I'll never forget. I just bubbled with joy. I wanted to kiss every body and tell them my old self had died yesterday, and my new self was born to-day. Why didn't you tell me when I first wrote that I would find it this way?"  
And another thus:  
"If you dumped a cart load of gold at my feet it would not bring such gladness into my life as your method has done."  
Write to the **ELLY MEDICAL COMPANY**, Buffalo, N. Y., and ask for the little book called "COMPLETE MANHOOD." Refer to this paper, and the company's promise to send the book, in sealed envelope, without any fee, and entirely free, until it is well introduced.
